FAQ QUESTIONS

Are we really locked in a room?

No, the entrance is always unlocked, in case of emergency or when nature calls. The exit door will be the only door locked, to get out of the game to win.

Are the lights turned off?

Some rooms may start off dark, but only adds mood to the theme-decorated rooms.

Finding the light source is a part of the game

What happens if we don't solve anything ?

We will be monitoring your progress throughout the escape game. Our game masters will provide clues if you get stuck – after all, we want you to have fun! Remember, it's not only about trying to escape the room, it's about the full experience.

Are there cameras in the room ?

Yes. Cameras are used to monitor and enhance your live experience.

NOTE Sorry, the VENUE asks that you refrain from taking photos or videos in the escape rooms.
